

PanGuard[®]

General Information

July 2020 • Page 1 of 1

PanGuard™ is a revolutionary new lavatory flooring solution combining the well-known benefits of Schneller NTF with the protection of a formed floor pan into a seamless, custom, integrated solution with the following unique benefits.

- **Prevents moisture entrapment** between the non-textile flooring and the floor pan
- **Improves aesthetics** of the lavatory with seamless, high definition flooring designs
- Reduces weight by at least 1 kg per lavatory
- Minimizes supply chain **delays and installation cost** through a one step solution

Product Features

- Eliminates odor from trapped moisture
- Unlimited color and design options
- Lighter weight than current NTF & Floor pan solutions
- Easy to clean and maintain
- Seamless, integrated design
- Available for most commercial aircraft lavatories
- Cost effective

Product Specifications

- Complies with FAR/CS 25.853 (A), 12S Vertical Burn
- Dimensionally stable per ASTM 1204-54
- Sheet sizes: up to 54 inches x 96 inches
- Normal weight: as low as 3000g/m² (88 oz/yd²)
- Can be cut to size (width and length)
- Thermoformable on standard equipment

Possible Applications

- Lavatory
