### Schneller Europe

Schneller Sarl  
29 Rue du Louvre  
75002 Paris, France  
Ph. (33) 1.53.34.90.80  
Fax: (33) 1.53.34.90.89  
Email: [europe@schneller.com](mailto:europe@schneller.com)

### Schneller Asia

Schneller Asia Pte. Ltd.  
19 Loyang Way #03-01  
Changi Logistic Centre  
Singapore 508724  
Ph. (65) 65.46.2272  
Fax: (65) 65.45.2272  
Email: [asia@schneller.com](mailto:asia@schneller.com)

**Schneller** is the premier single source provider of coordinated collections and custom decor of **film** and **reinforced laminates**, **thermoplastic sheets** and **non-textile floor coverings** designed to meet the exacting requirements of our customers in the aviation and ground transportation industries. We provide continuous roll and sheet production from our ISO9001:2008 and AS9100C certified production facility. From our innovative materials to complete solutions, from advanced engineering to inspiring motifs, from localized knowledge to worldwide service, everything we do is designed to deliver superior aesthetics, performance and results. For further information on Schneller's products and services, please visit our website at [www.schneller.com](http://www.schneller.com).

## AerFusion *eco*™

Non-Textile Flooring

**AerFusion eco™** is a new all-in-one light weight construction NTF specifically designed to support the increasing demands of today's aircraft industry though Patent Pending technology resulting in an enhanced flooring solution. AerFusion eco is the **only printable ABD 0031 compliant non-textile flooring** that can satisfy Airlines brand requirements, while enhancing passengers comfort and safety through revolutionary anti-slip resistance.

### Product Features

AerFusion eco offers the well-established Schneller NTF benefits including: large range of color and design options, superior slip, abrasion and telegraph resistance, easy cleaning and maintenance; all while providing unique eco-friendly features which include:

- Lower weight construction resulting in enhanced fuel economy.
- Material available in continuous roll form yielding less waste.
- Low tox product composition meets the Airbus ABD 0031 requirement.
- AerFusion eco has the best slip resistance to insure your passengers and staff members safety and comfort.

### Lamination Process

A decorative surface layer is continuously bonded onto a reinforced backing that is flexible enough to enable seamless rolls and stiff enough to provide telegraph resistance. High adhesion strength ensures durable all-in-one NTF assembly.

### Product Specifications

- Roll Widths: up to 59.25".
- Roll Lengths: 10-80 lyds.
- Thickness: 55 mil (1.4 mm).
- Weight: 54.8 oz/yd<sup>2</sup> (1900 g/m<sup>2</sup>).
- Qualified to Airbus AIMS 04-26-002 and ABD 0031 compliant.
- Available in Schneller's standard textures.
- Available with Schneller color-matched hot welding ecoRod for safe and easy watertight installation.

### Possible Applications

All traditional Non-Textile Floor coverings areas on commercial aircraft:

- Exit and entrance areas
- Galleys
- Lavatories

### Product Construction
